

# NI18350A

# IMR 18350

## 700mAh

**7A****3.7V  
7.2Wh**

## Maximum Continuous Discharge Current: 7A

### WARNING:

This high-discharge performance Lithium-ion IMR battery is NOT protected against being over-charged, over-discharged or short-circuited. It is therefore very important to observe the following when using this product:

1. DO NOT discharge at BELOW 2.75V.
2. DO NOT charge at ABOVE 4.2V.
3. Use Nitecore chargers only.
4. DO NOT short circuit (may release potentially hazardous current).
