

Contact spray Oxidation protection

Spray oxidation protection

Anti-corrosion material

Long-term corrosion protection for new contacts, switches and electromechanical power unit components

Excellent lubricant for precision power unit components

Removes dust, resin, oil and metal abrasion

Free from acid, does not resinify

Contents	200 ml
Chemical basis	Aliphatic hydrocarbon
Smell/fragrance	Characteristic
Shelf life from production	24 Month

Art. no. 0893 61

P. Qty.: 1 / 12

Details/Application

The usage instructions are recommendations based on the tests we have conducted and our experience; carry out your own tests before each application. Due to the large number of applications as well as storage and processing conditions, we do not assume any liability for a specific application result. Insofar as our free customer service provides technical information or acts as an advisory service, no responsibility is assumed by the provision of this service except where the advice or information given falls within the scope of our specified, contractually agreed service or the advisor was acting deliberately. We guarantee the consistent quality of our products. We reserve the right to make technical changes and further develop products.
