

PHILIPS

car headlight bulb

CrystalVision

Type of lamp: H7

12 V

55 W, Pack of: 2+2

PX26d

12972CVSM

Drive with style

Style and visibility with a super white light

The Crystal Vision range 4.300K is the one that offers a super white light, high efficiency and design for differentiate and customize tuning solutions with quality and high performance, with better visibility and comfort for your car.

Original equipment quality

- Philips is the choice of major car manufacturers

Very high quality and ultra resistant car lamp

- Philips car lamps are made of high-quality quartz glass
- Philips car lamps are highly resistant against humidity
- Philips car lamps are highly UV resistant

Original Equipment manufacturer

- Change both your headlamps at once for more safety

White light for better visibility and comfort

- 2 signaling W5W are offered with CrystalVision
- Wide range of 12V lamps to meet all functions
- Installed without electric adjustments.
- Optimal performance for better visibility and comfort

Highlights

2 signaling W5W offered

Give your car a full stylish blue look thanks to the 2 blue W5W offered

Car manufacturer choice

For 100 years, Philips has been on the forefront of the automotive lighting industry, introducing technological innovations that have become standard on modern automobiles. Today, one in two cars in Europe and one in three worldwide is equipped with Philips lighting

Change by pairs

Highly recommended to change them by pairs for symmetric light performance

Designed for multiple usage

Which 12V lamp for which function ? Philips Automotive offering includes all car specific functions : high beam, Low beam, front fog, front indicator, side indicator, rear indicator, stop light, reversing light, rear fog light, license plate lights, rear position/parking light, interior lights

Easy to install

Easy to install, because it is not required any modification to the car's electrical system.

High quality quartz glass

UV-Quartz glass is stronger than hard glass and highly resistant to temperature extremes and vibrations, which eliminates the risk of explosion. Philips quartz-glass lamps (filament 2 650° C and glass 800° C) are able to withstand severe thermal shock. With the capability of increased pressure inside the lamp, UV-quartz glass is able to produce a more powerful light

Optimal performance

Optimal performance in light emission with the same consumption of conventional bulbs for better visibility and driving comfort.

Resistance against humidity

Only a burning bulb made of quartz glass (filament 2650°C, glass 800°C) can resist thermal shocks : if a drop of cold water touches the hot bulb, which can happen when you drive through water with a broken headlight unit.

UV Resistant

Philips special anti-UV coating technology protects the headlights against harmful ultraviolet radiation, making Philips UV-coated quartz glass perfect for all driving conditions and ensures their longevity

Specifications

Packaging Data

EAN1: 8711500489838

EAN3: 8711500489845

Packaging type: SM

Product description

Technology: Halogen

Application: High beam, Low beam, fog beam

Range: CrystalVision

Type: H7

Homologation ECE

Designation: KIT-12972CV-DI

Base: PX26d

Marking ECE: E1 22Z

Electrical characteristics

Wattage: 55 W

Voltage: 12 V

Marketing specifications

Expected benefits: Style

Product highlight: Drive with style

Light characteristics

Color temperature: 3700 K

Lumens: 1140 \pm 15% lm \pm 15%

Ordering information

Order entry: 12972CVSM

Ordering code: 48983828

Outerpack information

Gross weight per piece: 496 g

Height: 12 cm

Length: 28.6 cm

Net weight per piece: 0 g

Width: 14.1 cm

Packed product information

Gross weight per piece: 83.9 g

Height: 13.3 cm

Length: 11 cm

Net weight per piece: 0 g

Width: 5.3 cm

Pack Quantity / MOQ: 4

Lifetime

Life time: B3/Tc = 200/400 h
