Highlights

Reliable Philips quality

Philips CANbus adapters are durable and provide long-lasting performance. Tested in the toughest conditions, they provide IP65 protection from ingress of dust and water.

Easy installation

Thanks to their advanced design, Philips CANbus adapters are easily installed for good performance from day one. Find the user manual on the Philips support page***.

Compatibility assured

Philips CANbus adapters ensure a smooth installation of Philips Ultinon Pro6000 H7-LED on your vehicle. They have been tested and approved by the Federal Ministry of Transport, the Federal Motor Transport Authority (KBA) for use on public roads and for selected car models in Germany. Approved for road-use in Austria for selected car models. Check our Philips compatibility list** to find out if you need Philips CANbus adapters.
